become a worldwide metropolis in the last fifty years during last century. From the Bund on the Huangpu River, you can see the city's rapid development, demonstrated by the great changes on two banks. Xian should be the shining pearl on the Yellow River along which the ancient Chinese culture originated. The astonishing Terracotta Warriors and Horses of Emperor Qin Shihuang were excavated in this city and the famous Silk Road started here via brilliant Dunhuang to Europe thousands of years ago.

**Shanghai:**

Shanghai, a vigorous and energetic international metro-polis, welcomes people from all over the world to enjoy its special atmosphere. This modern metropolis with its rich heritage of ancient Chinese culture has much to see and do. Huangpu River is not only the mother river of Shanghai, which divides the city into east and west parts, but also assembles the splendid attractions of the city. Situated on the east bank of the Huangpu River, the Bund is the symbol of Shanghai. New finance and commercial houses as well as grand buildings built in 1930s in the European architectural styles cluster along the Bund. At night bright lights add to the happy atmosphere as people stroll along the wide riverside promenade.

**Hangzhou**

Hangzhou, a city famous for its scenic splendor, attracts more than 20 million tourists from home and abroad every year. Its unique environment endowed by nature and those who have lived here, is an accumulation of several thousand years that has formed many world renowned natural, historical and cultural features. Whenever talking about this city, the famous West Lake can never be far from one's thoughts. Held on three sides in the embrace of hilly peaks, this water wonderland has been an attraction for centuries and it is small wonder that it was a favorite imperial retreat. The lake and its environs have all the elements of a traditional Chinese garden but on a grand scale. The natural setting of strangely shaped peaks, serene forests and springs, dense foliage and a myriad of blossoms especially in springtime are enhanced by a treasury of sculpture and architectural features. The largest part of West Lake is known as the Outer Lake and it is bounded by the North Inner Lake, Yuehu Lake, West Inner Lake and Lesser South Lake.

**Yiwu:**

Known as 'the sea of small wares and the paradise for shopping ', Yiwu is a shopping and trade center. With the history of 2000 years, travelers can also enjoy many historical sites and beautiful scenic spots such as a breath-taking view of the city from the Desheng Cliff. Enjoy the carving art at Octagon Hall of Huangshan and visit Shuanglin Iron Pagoda in Shuanglin Temple- the earliest iron pagoda in China.
